# Verification of 2021 Student Income Information

**Note:** The best way to verify income information is by using the IRS Data Retrieval Tool (IRS DRT) that is part of FAFSA on the Web at studentaid.gov. In most cases, no further documentation is needed to verify 2021 income information that was transferred into the student's FAFSA using the IRS DRT if that information was not changed by the FAFSA filer.

**Instructions:** The instructions below apply to the student and spouse, if the student is married. Check the box that applies.

- The student has filed a 2021 Tax Return (Check one box below).
  - The student will transfer tax information onto the FAFSA using the IRS Data Retrieval Tool.
  - The student will provide the school with a **signed 2021 Income Tax Return**.
- The student did not and will not file a 2021 Tax Return. (Check **two** additional boxes below).
  - The student was required to provide parent information on the FAFSA and is **NOT** required to provide a 2021 **IRS Letter of Non-Filing**.
  - The student was not required to provide parent information on the FAFSA and **WILL** provide the school with a 2021 **IRS Letter of Non-Filing** obtained from the IRS.
  - The student was not employed and had no income earned from work in 2021.
  - The student had income from work but was not required to file a 2021 Tax Return. List below the names of all employers, the amount earned from each employer in 2021. **Copies of all 2021 W-2 forms** are required. List every employer even if the employer did not issue a W-2 form.

Employer's Name	2021 Amount Earned	IRS W-2 Issued?

**Copies of all 2021 IRS W-2 forms are required** for every employer that issued a W-2. For every employer listed above that did not issue a W-2, explain in the space below why a W-2 was not issued.

**Unusual Circumstances:** Check the box below if any of the unusual circumstances apply.

- The student and spouse filed separate returns or had a change in marital status after December 31, 2021.
- The student or spouse was victim of IRS Tax-Related Identity Theft.
- The student or spouse filed a non-US Income Tax Return.
- The student or spouse filed an amended IRS Income Tax Return.

**Certifications and Signatures:** Each person signing below certifies that all of the information reported is complete and correct.

**Which dependents should be included**

Tax filing status and which dependents were claimed as exemptions on tax returns is not used to determine which children should be included in the household.

In addition to the instructions on page 1, the following should be considered when figuring out who is a member

of the student's household. Children need not live in the home. Include unborn children who will receive more than half support from the student from birth to the end of the school year. Foster children are not included for financial aid purposes.
