

PROCEDURE

1035

Page 1 of 1

TITLE:	Postsecondary Review Entity
NUMBER:	1035
AUTHORIZED BY PRESIDENT:	10/6/94

The U.S. Office of Education requires each state to establish postsecondary programs to reduce fraud in federal student financial aid programs. Washington State has established the Washington State Postsecondary Review Entity (WASPRE) to ensure compliance with the federal regulations.

According to the WASPRE standards, an institution with both academic and vocational programs may choose the overall set of standards with which to comply if reviewed. Whatcom Community College hereby adopts the vocational standards outlined by the WASPRE.

Each dean is responsible for ensuring that the College is in compliance with the appropriate WASPRE standards
