3. Click **Download**

The screenshot shows the VMware Horizon Client for macOS download page. The page title is "Download VMware Horizon Client for macOS". The version selected is 5.4.1. The description is "VMware Horizon Client for macOS". The notes link to "Documentation". The documentation link is "Release Notes". The release date is "2020-03-24". The type is "Product Binaries". The page has a "Product Resources" sidebar with links for "View My Download History", "Product Info", "Documentation", "Horizon Mobile Client Privacy", and "Horizon Community". The main content area has tabs for "Product Downloads", "Drivers & Tools", "Open Source", and "Custom ISOs". The "Product/Details" section shows the file name "VMware Horizon Client for macOS", file size "44.94 MB", file type "Mac disk image", and a "Read More" link. A blue "Download" button is visible.

4. Go to your Downloads folder; you can access your Download folder from the Finder (the icon in the Dock that has a face) or by clicking "Go To" in the Finder bar at the top of the screen and choosing "Downloads"
5. Double click on the "VMware Horizon Client.dmg" file to begin the install.

6. Click **Agree** in the license agreement window.

- When the VMware Horizon Client window appears, drag the “VMware Horizon Client” icon to the Applications folder by clicking and holding the VMware logo and dropping it on to the Applications folder.

- The first time you launch the VMware Horizon Client, you may see a security popup asking if you want to open the file. Click the “Open” button.

9. Click **Add Server** and enter: **desktop.whatcom.edu**

10. Click **Connect**

11. Enter your WCC Student Network account Username and Password.

e.g. Username: astudent1234

12. Choose **ORCA** for the **Domain**
